Paper Reviewing Process

Principles adopted in the Reviewing Process

- ✓ All papers were assigned to be reviewed by TPC members at first;
- ✓ All papers were reviewed by at least 2 reviewers;
- ✓ For cases in which reviewers had different opinions regarding paper acceptance, a third reviewer was assigned.

Reviewer Evaluation Sheet

Most important indicators in the Reviewer Evaluation Form:

- ✓ Recommendation;
- ✓ Paper categorization (practical, theoretical, balanced);
- ✓ Overall value added to the field;
- ✓ Reviewer familiarity with subject matter;
- ✓ Difference from earlier papers on the same topic by the same author;
- ✓ Comments for the Authors;
- ✓ Comments for the Program Committee.
